INTRODUCTION

***The ISF World Schools Volleyball Championship was postponed from 2020 to 2021 because of the COVID-19 pandemic. Prior to the event's postponement, the Bulletin 1 had already been published, and the registration process had already been started. We are hereby sending you the updated Bulletin 1 with the adjusted information in accordance to the current situation. The already registered delegations who have confirmed their participation to ISF for 2021 will retain their registration information in ERAS phase 1.**

ISF World Schools Championships (WSC) are events characterised by a balanced programme between sport and educational content: the balance between sport and education is to create awareness about the role of sport in putting forward topics such as fair play, healthy lifestyle, respect, inclusion. WSC Volleyball is open to the participation of school teams only. Beside the name of the respective member, teams will defend the colors and name of the specific school they represent. This format is meant to create a strong identification between the students and the school they attend. WSC Volleyball is team competitions, meaning that team results are awarded by trophies, medals and certificates.

Each ISF member may enter the WSC with more than one school team per category.

School Sport Entities or schools from School Sport Entities that are not members of the ISF can take a part in ISF events provided that they follow all ISF regulations and that the institutions that wish to enter the event are recognised by an official national or sport authority.

Age categories for WSC's are outlined in their respective sport-specific rules.

The educational programme and the sport format of the event shall always be adapted to the age of participants. In general, at events for lower age categories, the educational content will have a more prominent role.
